### Re: We're still VescoPlastics Sales (Pty) Ltd but are trading as Vesconite Bearings

Dear Valued Customer

This letter is to inform you that we are changing our trading name to Vesconite Bearings, so you will be seeing VescoPlastics Sales (Pty) Ltd t/a Vesconite Bearings on your invoices and statements and Vesconite Bearings on our website, newsletters, letterheads and other communications.

Our company name, VescoPlastics Sales (Pty) Ltd, continues to be used for banking purposes so we continue with the same banking details that we have always had.

The reason for our new trading name is to more accurately reflect our company focus and activities: today more than 90% of our business is concerned with bearing applications.

Thank you for your support of our low-friction wear-resistant self-lubricating polymer products. Should you have any questions or concerns regarding this notice feel free to contact us.

Kind regards,

Dr J-P Leger  
Chairperson  
VescoPlastics Sales (Pty) Ltd trading as Vesconite Bearings
